Checklist – Applications with a Swiss degree

Documents for review of academic qualifications and placement into the specialized MSc in Artificial Intelligence in Medicine offered by the Faculty of Medicine

Please complete in block capitals

Family name
Given name/s
Address
ZIP Code / Location / Country
Matriculation number

Required documents

Please compile the following documents into a **single pdf file** and send them by **e-mail** to the Admissions Office (see address above):

- 1: Please use this checklist as cover sheet and send hard copies of the required documents by letter post to the above-stated address.
- 2: Complete tabular CV of your educational background, including the anticipated date of your B Sc graduation
- 3: Complete list of university courses taken (transcript) including credits, grades and the average grade
- 4: Certificate of your university degrees (photocopies), if applicable

Please compile the following documents into a single pdf file and send them by e-mail to the Study Coordination Office of the MSC program:

- 5: Letter of motivation (one page)
- 6: Letter of recommendation

Your application dossier will be handed to the study directorate of the Graduate School of Artificial Intelligence in Medicine for assessment.
