

## **Application Template for Béatrice Ederer–Weber foundation Young Investigator call**

Please replace the explanatory text under the titles with your own text (Arial 10). Your application should not exceed 4 pages (excluding references)

### **Applicant contact data**

Name, affiliation, phone number and e-mail address (2-4 lines).

### **Applicant CV**

Max 2 pages including grants, main publications and other scientific achievements. Include a biography sketch explaining in your own words your scientific contribution to your research area (Arial 10).

### **Project title**

Indicate your project title.

### **Abstract**

Please summarize your project in no more than 200 words.

### **Project Description**

Describe your project proposal, including background, preliminary data (where available), an outline of your research methodology, timeline and proposed output.

In short: How do you want to ensure that your project will meet the desired goals within the chosen topic area and timeframe?

Indicate for which funding body you want to apply with the results that will come out of the present project. If you already have submitted a proposal to fund the present project please indicate.

### **Budgetary figures and justification**

Provide budget figures and budget justification, such as lab kits, other supplies, the use of core facilities. Indicate if your project requires an ethical approval, and, if so, if you already have one.
