

Talent4Bern Program

1st Call

Purpose

One of the [strategic missions](#) from the [Medical Faculty](#) at the University of Bern is to promote the next generation of Medical and Biomedical Researchers. This funding scheme will support researchers that aim to apply for an [SNSF Professorial Fellowship or the equivalent scheme in the upcoming 2023 call](#) to start their own independent research group at the Medical Faculty.

Timeline

Call release date:	Summer 2022
Stage 1 evaluation and Symposium:	Autumn 2022

Funding

A total of four selected candidates of the Talent4Bern Program will profit from a two-staged benefit.

Stage 1. Support in the preparation of the grant proposal

Stage 2. Additional core funding as well as coaching and mentoring opportunities during the fellowship duration.

Submission instructions

Further information on submission instructions will be available after the release of the call in summer 2022.
