In Conversation with Roxana Mehran Secrets of an Outstanding Role Model

The Commission for Equality together with the DCR are happy to invite you to an exciting breakfast with

Prof. Roxana Mehran, MD, FSCAI - Mount Sinai Professor in Cardiovascular Clinical Research and Outcomes

During an informal talk we will learn more about her breathtaking academic career and in the meantime we have the opportunity to strengthen our own valuable network with colleagues .

We encourage you to invite colleagues at any stages of their research career. Together, we can create a stronger network and support system for women in clinical research.
